FOR IMMEDIATE RELEASE

**BUCHAREST METRO: EPS DECLARED OFFICIAL WINNER
Bucharest, Romania S.C. Metrorex signs contract
with EPS of Tinton Falls, NJ, a Leading Systems Integrator**

Bucharest, Romania

Engineering and Professional Services, Inc. (EPS) of Tinton Falls, New Jersey USA has been awarded a major information technology contract by the Bucharest Romania subway authority, Bucharest Metrorex S.C.

Under the contract, EPS will provide the Design, Infrastructure, and Best Practices for the implementation of an Oracle Solution, a complete network redesign including two native Dense Wavelength Division Multiplexing (DWDM) rings and will install a new IT infrastructure, including a new Data Center and Recovery Site. EPS will provide the project management and will coordinate the delivery of a total solution through its team of subcontractors, which includes Oracle, Cisco, Dell, Intrarom, Logic IT, Siveco, and Quest. The Firm Fixed Price contract is for approximately \$22M (15MIL Euro), and has a period of performance delivery of less than 2 years.

Metrorex Director-General, Mr. Gabriel Daniel Mocanu announced the contract award on 30 November 2007. EPS Executive Vice President and CFO, Antoinette M. Musorrafiti, signed the contract with Metrorex on 20 December 2007.

“Congratulations go out to all for their participation in this win,” said EPS Chairman and CEO Mr. Francesco A. Musorrafiti. “The success of this effort revolves around a team of consummate professionals; EPS Vice President for Emerging Markets, Mr. Nicolae Tudor; President of EPS Global Services Inc., Mr. John Kessel; Director for Engineering, Mr. Hans Christian Kessel; Director for Business Development, Ms. Monica A. Gherga, and Technical Representative, Mr. Mihai Ciuraru.”

Bucharest Metrorex, S.C. manages the Bucharest Metro subway network serving the Romanian capital city of Bucharest. It is the most accessed system of public transportation in Bucharest, servicing 750,000 passengers during the workweek and spanning a total of 63 km. Bucharest Metrorex S.C. employs a growing workforce of over 5,000 employees.

Founded in 1983, EPS is a Service Disabled Veteran Owned Small Business (SDVOSB) built on a foundation of integrity and professional relationships supporting the US Federal Government, including both military and civilian agencies on a worldwide basis, as well as commercial customers. A leading systems integrator, EPS provides diverse equipment, support, and solutions to various customers around the globe – including in hostile environments.
