EPS Corporation of Tinton Falls, New Jersey is proud to announce the expansion of its portfolio of marine vessels with the formation of EPS-Narwhal USA, LLC, a joint venture with Dayfer, S.L. of Mos (Pontevedra), Spain, which does business as Narwhal Inflatable Boats.

EPS-Narwhal USA will engage in the promotion, marketing and after-sales service of Narwhal professional RHIB (Rigid Hull Inflatable Boat) vessels primarily for military, life-saving and rescue, and offshore markets. Narwhal RIBs are high quality SOLAS certified marine vessels currently sold throughout the world. Utilizing EPS Corporation's access to U.S. Government contract vehicles, EPS-Narwhal USA will bring these high-quality RHIBs to the U.S. and other international markets. Integration and other production activities are expected to take place at EPS facilities in the U.S., as well as at Narwhal's established facilities in Spain.

EPS Corporation, a Service Disabled Veteran Owned Small Business (SDVOSB), is built on a foundation of integrity and reliability and is dedicated to providing the best in technology and professional services in support of the U.S. Government, including both military and civilian agencies on a worldwide basis, as well as commercial customers. As a leading systems integrator, EPS provides diverse equipment, support, and solutions to various customers around the globe – including in austere environments. Additionally, EPS manufactures and engineers non-corrosive, fiber-reinforced advanced composite marine vessels for military, commercial and recreational use.

All inquiries can be made by contacting the Chairman and CEO, Mr. Francesco A. Musorrafiti, at EPSNavy@epscorp.com. Information about EPS can be found on the company website www.epscorp.com.
